The Declaration may be amended only by vote or agreement of Owners of Lots to which at least sixty-seven (67%) of the votes in the Association are then allocated

4. The Owners and the Association desire to amend and restate all provisions of the Prior Declarations, as amended and supplemented, by virtue of this Amended and Restated Declaration of Covenants for Beebe Draw Farms and Equestrian Center ("**Declaration**"), and intend, upon the recording of this Declaration, that all prior recorded declarations, amendments and supplements thereto be superseded and replaced by this Declaration;

IN WITNESS WHEREOF, the undersigned hereby state and declare that the Prior Declarations (as hereinafter defined) are replaced and superseded by this Declaration, and the Property (as hereinafter defined) and all Improvements (as hereinafter defined) thereon shall be held and conveyed subject to the following terms, covenants, restrictions, conditions and other provisions hereof.

ARTICLE 6 MAINTENANCE OF THE PROPERTY

6.1 Individual Lots. It shall be the duty and obligation of each Lot Owner, at such Lot Owner's expense, to improve, maintain, repair, replace, beautify and keep neat, attractive, sightly and in good order and repair such Owner's Residence and the exterior portions of the Lot. If the Owner does not discharge this obligation then the Association may arrange to have the work done and assess the Owner for the cost of such work plus twenty-five percent (25%) of such cost for inspection, administrative costs and overhead of the Association and other incidental expenses, provided the Association gives such Lot Owner notice of the Association's intent to have the work done and a reasonable opportunity for the Lot Owner to cure the violation prior to the Association having the work done. Each Lot Owner hereby grants, to the Association, and to their agents, employees and contractors, an easement on, over, across and through such Owner's Lot for improvement, maintenance, repair, replacement, and beautification, all as provided above in this Section.

6.2 Duties of Association. The Association shall improve, maintain, repair, replace, beautify and keep all the Common Elements and such other real property subject to the Declaration in neat, attractive, sightly, and in good order, to the extent that such functions are not performed by Lot Owners nor expected to be performed by the District or Weld County or any other political subdivision thereof or of the State of Colorado. The Association may, from time to time, hire and or contract with third parties to achieve the objectives of this Section 6.2.

6.3 Repairs Resulting From Negligence. If the Board determines that the need for maintenance or repair is caused through the willful or negligent act of any Owner, or occupant or their family, guests, lessees, or invitees, then the Association may assess the cost of any such maintenance, repair, or replacement against the Owner's or occupant's Lot, which shall become a lien against the Lot, as well as the obligation of such Owner personally, and the same may be collected as provided in this Declaration for the collection of Common Expense Assessments. The Association will be responsible for damage to Lots which is caused by the Association intentionally or negligently, or by the Association's failure to maintain, repair or make replacements to the Common Elements.

6.4 Weld County Powers Not Superseded. Nothing contained herein shall replace or supersede the powers granted pursuant to Section 28.6.6 of the Weld County Zoning Ordinance, or its successor regulations: or sec 24-67-105(6), C.R.S., as amended, whereby, if the Common Elements are not maintained by the Association in reasonable order and condition in accordance with the PUD Plan, the Weld County Board of County Commissioners may enter upon the affected property and maintain the same following service of written notice and a hearing. The cost of such maintenance by the Board of County Commissioners shall be charged to and paid by the Owners individually or in the form of a Common Expense Assessment, and any such unpaid Common Expense Assessments shall become a tax lien upon the Lots.

ARTICLE 7 ALLOCATED INTERESTS

The interest allocated to each Lot has been calculated by the following formula:

7.1 Percentage of Liability for Common Expenses.

- (a) The percentage of liability for Common Expenses allocated to each Lot is based on one (1) share for each Lot on which a building permit for construction of a residence on such Lot has been issued by the applicable governmental entity with jurisdiction thereover (e.g., Weld County, Colorado), and twenty percent (20%) share for each Lot on which a building permit for construction of a Residence on such Lot has not been issued by the applicable governmental entity with jurisdiction thereover (e.g., Weld County, Colorado), compared with the total shares allocated to all the Lots in the Property. The foregoing is subject to the Declarant's rights to add additional lands hereto, thereby increasing the total number of Lots, and/or combine Lots, thereby reducing the total number of Lots. Provided, however, that if an Owner combines two or more Lots as provided herein with the intent of creating one Lot therefrom, such resulting Lot shall continue to be allocated the total number of shares originally allocated to the Lots so combined. If a Lot is subdivided by the Owner and added to other Lots as provided herein, the share of each such subdivided Lot shall be added proportionally to the Lots receiving all or a portion of such subdivided Lot. Nothing contained in this Section shall prohibit certain Common Expenses from being apportioned to particular Lots under this Declaration.
- (b) Although CCIOA does not generally apply to this community, as provided in Recital 2 above, the above percentage of Association assessments charged to Lots on which a building permit for construction of a residence has not been issued, is consistent with CCIOA because such Lots receive and benefit from fewer services funded by the Association assessments than the other Lots. Colorado Revised Statutes §38-33.3-315(3)(b), which is part of CCIOA, states that "Any common expense or portion thereof benefiting fewer than all of the units shall be assessed exclusively against the units benefited." Further, the above percentage of Association assessments charged against Lots on which a building permit for construction of a residence has not been issued, recognizes the historical practice of the Association not levying assessments against Declarant-owned Lots because the same receive virtually no services provided by the Association.

7.2 Votes. Each Lot in the Property shall have one (1) vote allocated to such Lot, except as follows:

(a) Those Lots on which a building permit for construction of a Residence has not been issued by the applicable governmental entity with jurisdiction thereover (e.g., Weld County, Colorado) ("Vacant Lot") shall be allocated a 20% vote per Lot on all matters other than those pertaining to amendment of the Declaration.

(b) With respect to voting on amendment of the Declaration, notwithstanding anything to the contrary, a Vacant Lot shall be allocated one (1) vote per Vacant Lot, until such time as 80% of the Vacant Lots have been conveyed or otherwise transferred by Declarant to a non-Declarant party. Once 80% of the Vacant Lots have been conveyed or otherwise transferred by Declarant to a non-Declarant party, the remaining Vacant Lots shall be allocated a 20% vote per Lot on all matters reserved for Owner vote, including matters pertaining to amendment of the Declaration.

ARTICLE 8 DESIGN REVIEW COMMITTEE

8.1 Creation of Committee. There is hereby created a standing committee of the Association to be known as the "**Design Review Committee**" or "**DRC**", to be composed of a minimum number of three (3) individuals. Members of the DRC shall be appointed by the Board of Directors to hold office at the will of the Board of Directors.

8.2 Purpose of DRC. The purpose of the DRC is to maintain the superior beauty and quality of the Improvements constructed on the Property, and the harmony thereof with the surroundings, to assure that the natural environment is disturbed as little as possible, to enforce the provisions of the Environmental Assessment, to the extent applicable, and to evaluate the use and suitability of the proposed Improvements and the effect of the same on any adjacent or neighboring properties.

8.3 Approval of Improvements. Except for initial Improvements constructed by the Association, District, or Declarant and Improvements made at any time by the Association or District, or Declarant, all plans and specifications in connection with (a) building, exterior remodeling, rebuilding, refurbishing or alteration of a Residence, including without limitation, the exterior appearance, color or texture; or (b) creation or construction of any Improvements or alterations to the Property, including but not limited to gardening, landscaping, planting, patio covers, awnings, sculpture or art work, driveway, sidewalk, fence, outside deck, or clearing, grading, excavating, filling or similar disturbance of the surface of the land, all of which shall require the prior written approval of the DRC. (and the prior, written approval of the Declarant, as to initial Improvements constructed, installed or located on a Lot where such Improvements did not previously exist).

8.4 Owner to Submit Plans. Before any construction work or exterior additions or alterations begin, the Owner of the Lot shall be responsible for submitting to the DRC (and to the Declarant if the Declarant's approval is required as provided in Section 8.3, above), a Design Review Request (DRR) and two (2) sets EACH of complete plans, specifications and color/material/texture samples for the proposed project. The submittal and approval by the DRC (and, if applicable, by the Declarant) should be completed prior to submitting and obtaining all necessary approvals and permits from Weld County and/or any other applicable government entities.

8.5 Conditions of Approval. In the discretion of the Board or the DRC, an Owner may be required to enter into a written agreement establishing the approval of the application in recordable form acknowledged by such Owner on behalf of himself or herself and all successors-in-interest. As a condition of approval for a requested architectural change, modification, addition or alteration, an Owner, on behalf of himself or herself and his or her successors-in-interest, affirms and shall assume, unless otherwise agreed in writing, all responsibilities for maintenance, repair, replacement and insurance to and on such change, modification, addition or alteration.

8.6 Construction of Improvements after Approval by DRC. Following approval of proposed Improvements by the DRC (and, if applicable, approval by the Declarant), an owner must obtain any necessary approvals and permits from Weld County and or any other applicable governmental entities. Then the Lot Owner shall cause the approved improvements to be made to the Lot in a timely fashion, and in any event within twelve (12) months, at which time the approved DRR expires, except with written DRC approval otherwise (and, if applicable, with written Declarant approval otherwise), and except for delays caused by strikes, fires, national emergencies, critical materials shortages or other intervening forces beyond the control of the Owner.

8.7 Guidelines, Standards and Procedures. The design guidelines will contain all building or construction related requirements and be maintained and enforced by the DRC, subject to Board review. The DRC may propose design guideline updates or changes once per year to the Board by a date and time set by the Board, which may include, but is not limited to, setting forth procedures for the submission and review of plans, guidelines setting forth criteria for consideration, specifications for particular types of improvements, and lists of improvements that do not require DRC approval. Any proposed changes must first be approved by the Board. Any Board approved changes to the design guidelines will then be submitted to the Lot Owners for approval not more frequently than annually and to be effective such changes must be approved by the Lot Owners. The Association's design guidelines shall be deemed adopted and in effect upon approval of Lot Owners holding a majority of the votes within the Community.

8.8 Compensation of Members of DRC. If authorized by the Board of Directors, the members of the DRC may receive reasonable compensation for services performed, together with reimbursement for actual and reasonable expenses incurred by them in the performance of their duties.

8.9 Non-Liability of DRC Members. None of the DRC, any member thereof or the Board of Directors shall be liable to any Owner or to any other person for any loss, damage or injury arising out of or in any way connected with the performance of the DRC's duties under this Declaration. No action taken by the DRC or its members will be deemed to have approved or to have made any representation as to the safety or structural soundness of, or compliance with local building codes or other governmental laws or regulations concerning, the proposed Improvements.

8.10 Waivers. The approval or consent of the DRC, or appointed representative thereof, to any application for architectural approval shall not be deemed to constitute a waiver of any right to hold or deny approval or consent by the DRC as to any application or other matters subsequently or additionally submitted for approval or consent.

8.11 Variances. The DRC may grant reasonable variances or adjustments from conditions and restrictions imposed by this Declaration in order to overcome practical difficulties and unnecessary hardships arising by reason of the application of the conditions and restrictions contained in this Declaration or in architectural/design guidelines. Any such variance must also be approved by majority vote of the Board of Directors.

8.12 Acknowledgment of Owners. Owners acknowledge, accept and agree to the following:

Failure to comply with such a request by an Owner shall result in the withdrawal of DRC approval (and, if applicable, Declarant approval), if previously granted;
- (c) DRC approval (or Declarant approval) does not constitute approval of the local building or zoning department, drainage design or structural soundness, or habitability;

- (d) If the Improvement as built does not conform to the Improvement as approved by the DRC (and, if applicable, the Declarant), the DRC's approval (and, if applicable, Declarant's approval) will be deemed withdrawn, and upon written request of the DRC (and, if applicable, the Declarant), Owners shall, at their own expense and cost, promptly bring the Improvement into compliance with the submitted and approved plans and specifications;
- (e) In the event of withdrawal of DRC approval (or, if applicable, Declarant approval) for any reason(s) cited in this Section, and upon written request from the DRC (and, if applicable, the Declarant), the Owner, at his or her expense and cost, shall promptly restore the Lot to substantially the same condition as it existed prior to commencement of the Improvement's installation or construction, and such withdrawal will be deemed to toll the statute of limitations as it pertains to the Improvement until such time as the improvement is brought into compliance;
- (f) In the event an Improvement is built without the written approval of the DRC (and, if applicable, the Declarant), the DRC (and, if applicable, the Declarant) may request that the Owner immediately submit a written request for the improvements made, and if the Improvement is not approved for any reason, and upon written request from the DRC (or, if applicable, the Declarant), the Owner, at his or her expense and cost, shall promptly restore the Lot to substantially the same condition as it existed prior to the commencement of the Improvement's installation or construction.

8.13 Expiration of Declarant Right to Approve. Any requirement to obtain prior written approval of the Declarant as identified in this Article 8 shall expire on the date the Declarant no longer owns any Lot within the Community, or at such earlier time as agreed upon in writing by the Declarant and Association.

Any holder of a Security Interest on a Lot which is the subject of the Association's lien being foreclosed may, but shall not be required to, pay any unpaid Common Expense Assessment and upon such payment, such holder of the Security Interest shall have a lien upon the Lot, including Improvements, for the amount paid, of the same rank as the lien of the Association.

- (h) In any action by the Association to collect Common Expense Assessments or to foreclose a lien for unpaid Common Expense Assessments, the Court may appoint a receiver for the Lot who shall collect all sums due from that Lot Owner or a tenant of the Lot Owner prior to or during the pendency of the action.
- (i) If a holder of a first lien Security Interest in a Lot forecloses that Security Interest, the purchaser at the foreclosure sale is not liable for any unpaid Common Expense Assessments against that Lot which became due before the sale, other than the Common Expense Assessments which are prior to that Security Interest under subsection (b) of this Section of the Declaration. Any unpaid Common Expense Assessments not satisfied from the proceeds of sale become Common Expenses collectible from all the Lot Owners, including the purchaser.
- (j) Any payments received by the Association in the discharge of a Lot Owner's obligation may be applied to the oldest balance due.
- (k) By acquiring title to a Lot, an Owner waives all federal and state homestead or other exemptions with respect to the lien for Common Expense Assessments.

11.4 Certificate of Payment of Common Expense Assessments. The Association, upon written request, shall furnish a Lot Owner with a written statement setting out the amount of unpaid Common Expense Assessments against the Lot. The statement must be furnished within fourteen (14) calendar days after receipt of the request and is binding on the Association, the Board of Directors and each Lot Owner. A reasonable fee, established by the Board of Directors, may be charged for such statement.

11.5 Acceleration of Common Expense Assessments. In the event of default in which any Lot Owner does not make the payment of any Common Expense Assessment levied against his Lot within 10 days of the date due, the Board of Directors shall have the right to declare all unpaid Common Expense Assessments for the pertinent fiscal year immediately due and payable.

As to Lots, if any, subjected to the Declaration on or after January 1, 2010, liability of each such Lot for Common Expense Assessments in accordance with Sections 7.1 and 11.1 of this Declaration shall commence upon recording of the document by which such Lot is subjected to this Declaration.

The Lot Owner of a Lot, at the time a Common Expense Assessment or portion of the Common Expense Assessment is due and payable is personally liable for the Common Expense Assessment; provided, however, that in accordance with Article X, Section 20 of the Colorado Constitution, the District shall not be liable for any Common Expense Assessment. If a Lot is rented by its Owner, the rent is hereby pledged and assigned to the Association as security for the payment of all Common Expense Assessments due by that Owner to the Association.
